

REQUEST FOR PROPOSAL

The City of Platte City will accept proposals for installation of back-up generator transfer switches at the Wastewater Treatment Plant per the following specifications.

Specifications:

1. Contractor shall supply the work required to complete the installation of:
 - a. One (1) 600 amp transfer system for the lab building
 - b. One (1) 400 amp transfer system for the computer building
2. Contractor shall provide and install manual operated transfer switches; modify existing service feeder conduits and conductor systems; install new conduit, branch feeder conductors, hangers and supports to new transfer switches. Transfer switches to be mounted on exterior of buildings, with plug-ins mounted on outside for generator. Both male and female plug-ins are needed, and both transfer system boxes must have lightning arrestors.

Respondents must obtain city business license prior to start of work.

State any exceptions to proposal specifications or proposal response.
